

## REMARKS

Claim 1 has been amended to include the subject matter of claim 3, indicated to be allowable. Intervening dependent claim 2 is merely redundant since Bluetooth protocol signals are short-range wireless signals.

Claim 11 has been amended to include the subject matter of claim 13, claim 12 being redundant.

Claim 20 has been amended to include the subject matter of claim 22, claim 21 being redundant.

Therefore, the application should now be in condition for allowance.

Respectfully submitted,

Date: December 27, 2010
